

# Class activity Ideas

Try these fun activities in your classroom to get your pupils thinking laterally and mark CyberSafeKids' Cyber Break in your school.

- 1 Imagine a world without any technology:** Draw a picture or write a story about this world. What does it look like? How do people live? What do they do each day?
- 2 Think of 30 new uses for a smartphone:** e.g. a drinks coaster, a dining table for ants, a reflector to send messages to ships at sea etc. You can do this as a class or individually! Think creatively.
- 3 Design a fun schedule (for one day) for a family.** Remember: they have to spend the day without any online technology!
- 4 Create a brand new offline game you can play (in a group or team) You must:**
  - Decide clear rules
  - Design a way to win
  - Make sure everyone can participate in the game
  - Make it safe
  - Test your game
  - Have fun playing it!

After asking your parents' or teacher's permission, send us photos or video of your games, drawings, stories or lists to us to enter our prize draw! Please send these to [office@cybersafekids.ie](mailto:office@cybersafekids.ie) and call them 'Cyber Break' or post on your social media channels
